

**CLUTCHTECH**

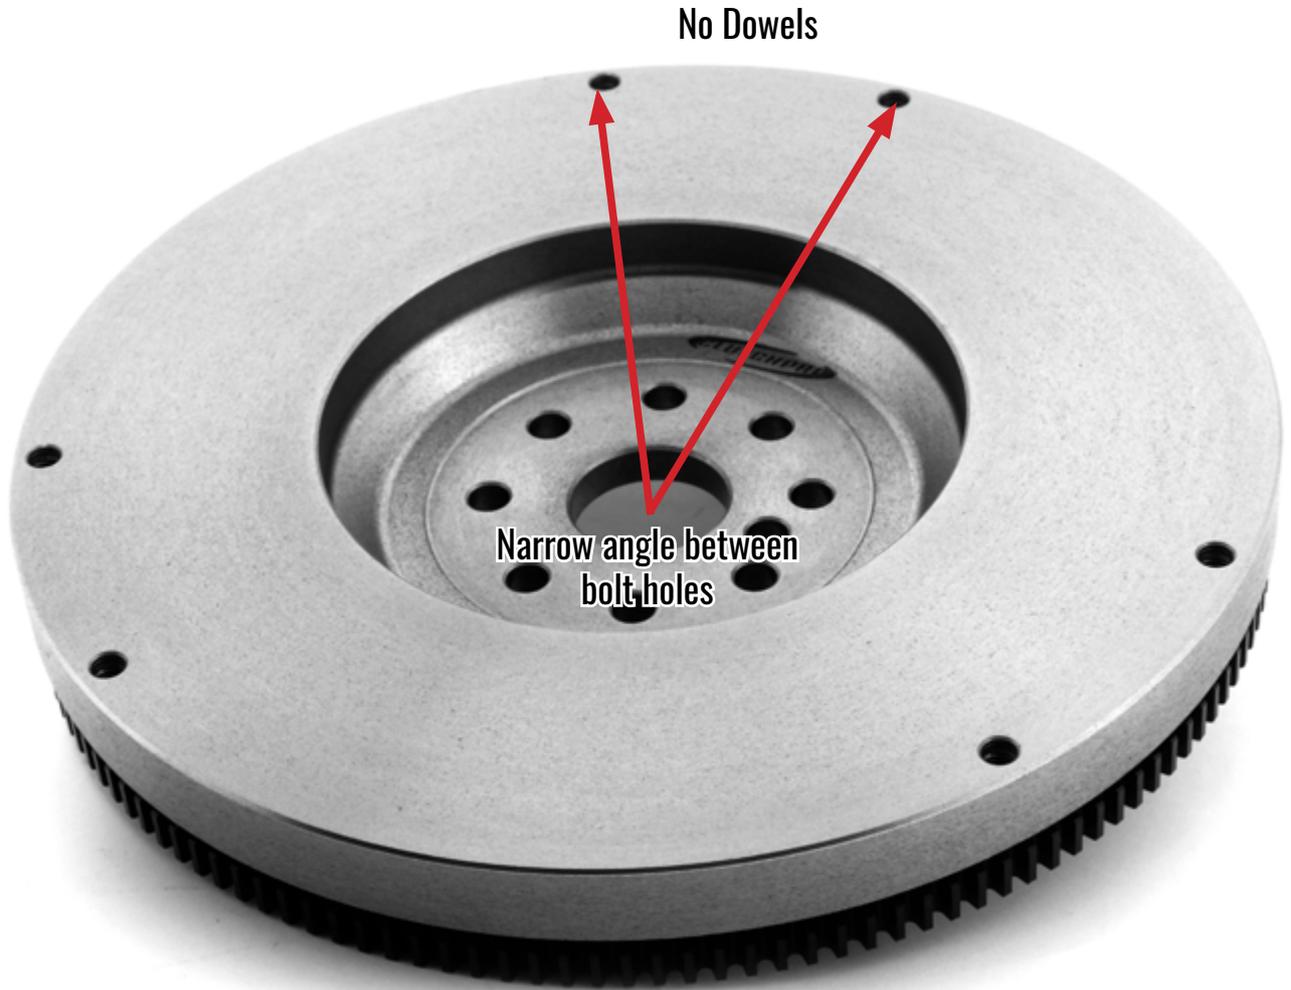

## TSB-303

### GM Service Kits

**Before fitting this service kit, please check that it is compatible with your flywheel.**

**FGM115**

Service kit: KGM26030

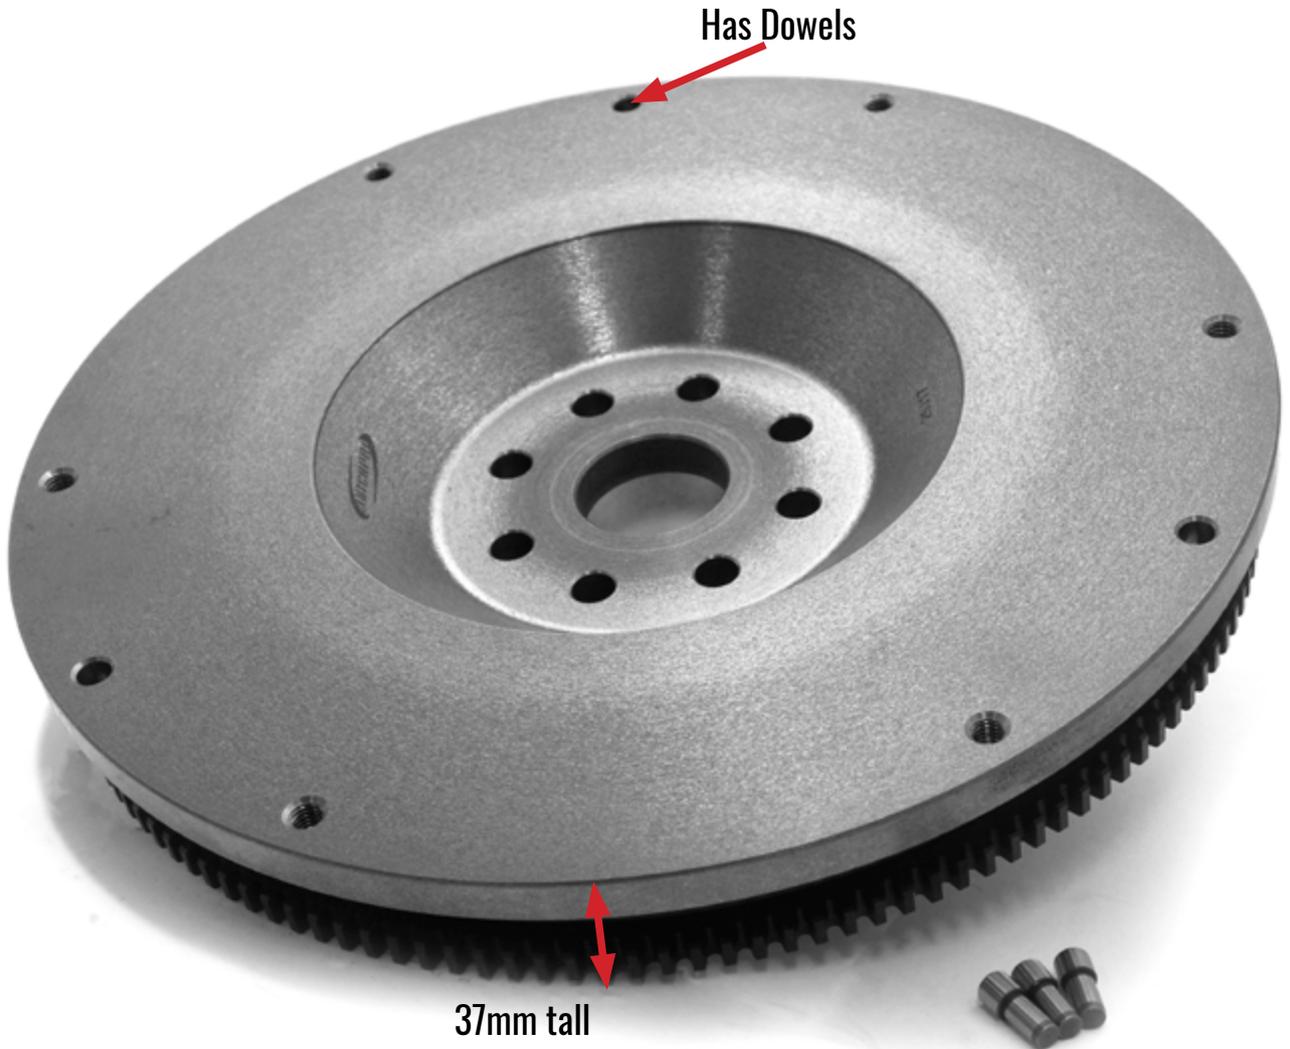

**FGM125**

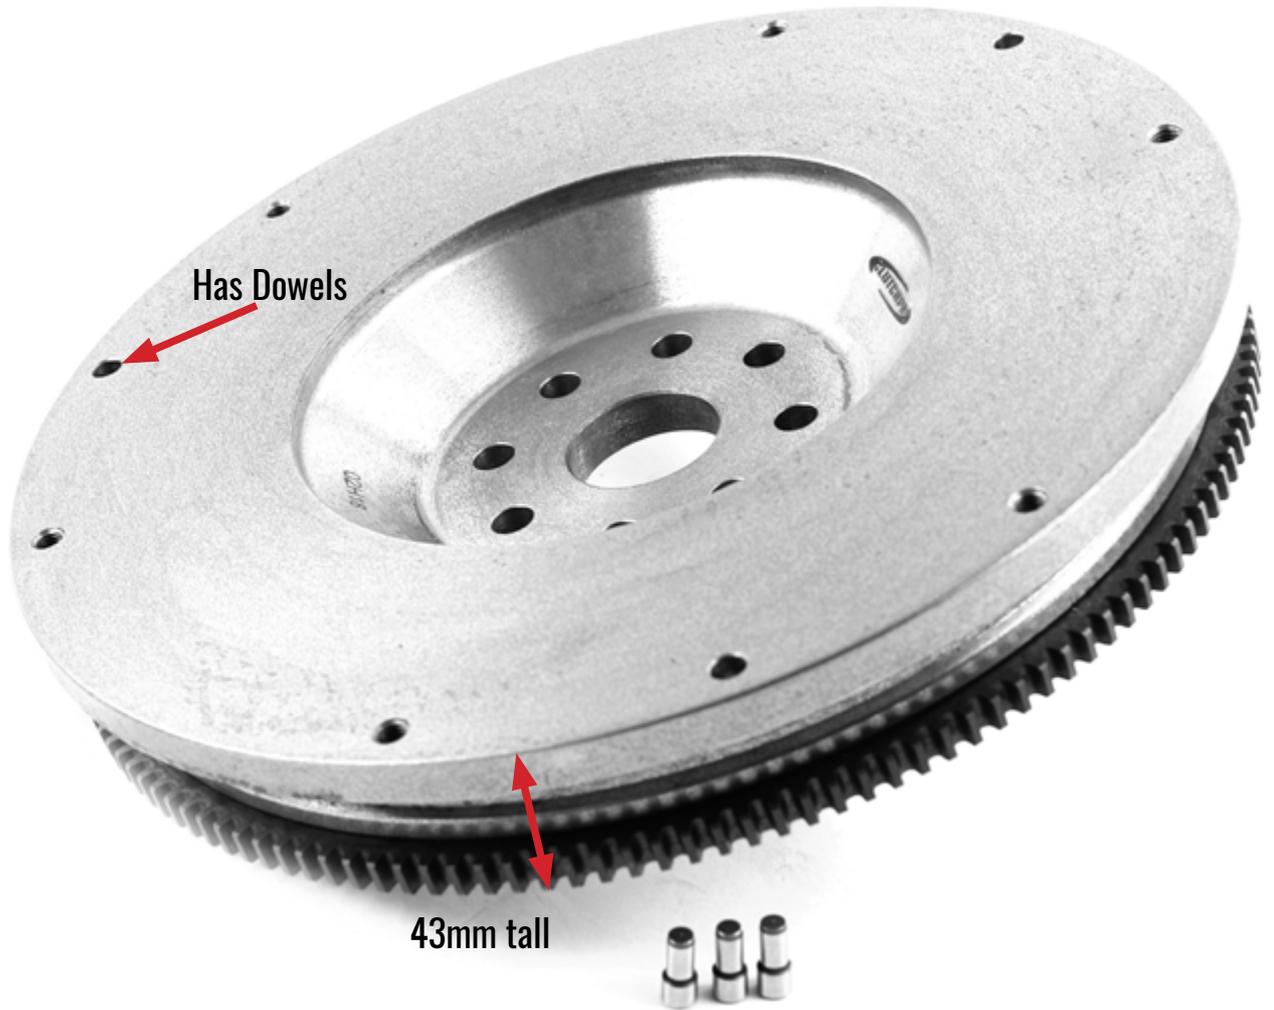

Service kit: KGM26031

**Vehicle will have a CSC Spacer. This spacer will need to remain on the transmission with the installation of the new kit.**

**FGM159**

Service kit: KGM26031

Does not have CSC Spacer.

Failure to fit the correct kit to the correct flywheel could cause over-stroking of the CSC resulting in a broken CSC and contamination of the clutch components. Fitment of the wrong components is not a warrantable issue.
