

CLUTCHTECH

TSB-305 Concentric Slave Cylinder Pipe Fiment

- This concentric slave cylinder comes with multiple adapter pieces to suit a combination of different applications.
- Using the new piece/s, match them to the same shape as the old pipework. If you no longer have the old pipework, find a combination that connects the CSC supply port to the clutch line in the vehicle. You may need to use more than one piece in some applications.
- Surplus pieces can be discarded.
